Dear John:

The Village of Hammondsport Board of Trustees voted at the August 9, 2016 Board Meeting to fully support the Town of Urbana in their initiative to construct a bridge linking Curtiss Park to Champlin Beach. Further, the Village board will commit funding for a sidewalk on Mill Street to connect the parking lot across from the entrance of Curtiss Park to Lake Street. The estimated amount of the funding is $3,690; $2,229 in labor and 1,391 for materials.

The sidewalk will be constructed upon the completion of the bridge project.

Sincerely,

Emery L Cummings Jr
